KIND OF TOPIC: Service types
Service image: image (max 1 image)
Service title: Text (max 30 char)

Table 1: Service types as a kind of topic

Group: "All service types"
Group title: "All possible services"
Introduction: Text (max 100 char)
Item preview: List of [service image, title]

Table 2: All service types as a group of topic.

Multiple group: "All services in service type X"
Group title: "Service X"
Introduction: Text (max 100 char)
Item preview: List of [service image, title, opening hours, address]

Table 3: All services in service types X as a multiple group of topic.

KIND OF TOPIC: Itinerary
Itinerary image: Image (max 1 images)
Itinerary title: Text (max 30 char)
Itinerary description: Text (max 1000 char)
POI list: List of [POI image, POI title, description, opening hours, address]
Total duration: Text (max 10 char)
Suggested audience: list of [Text (max 10 char)]

Table 4: Itinerary as a Kind of topic.

Group: "All itineraries"
Group title: "Itineraries"
Introduction: Text (max 100 char)
Item preview: List of [itinerary image, title, description, total duration, suggested audience]

Table 5: All itineraries as a group of topic.

KIND OF TOPIC: Point of interest (POI)
POI image: Image (max 1 images)
POI title: Text (max 30 char)
POI description: Text (max 1000 char)
Address: Text (max 30 char)
Event list: List of [event image, event title, description, date, time, price, pre booking, link]
Itinerary list: List of [itineraries image, itineraries title, description, total duration, suggested audience]
Opening hours: text (max 10 char)

Table 6: POI as a kind of topic.

Group: "All point of interest"
Group title: "All points of interest"
Introduction: Text (max 100 char)
Item preview: List of [POI image, title, description, opening hours, address]

Table 7: All POIs as a group of topic.

KIND OF TOPIC: Event
Event image: Image (max 1 images)
Event title: Text (max 30 char)

Event description: Text (max 1000 char)
Event date: Text (max 20 char)
Time: Text (max 20 char)
Event type: Text (max 20 char)
Hosted POI: [POI image, POI title, description, opening hours, address]
Duration time: Time
Price: Text (max 10 char)
Address: Text (max 30 char)
Organization: Text (max 30 char)
Season: Binary Option (Winter, Summer)
Pre booking: True/False (default False)
Link: Text (max 50char)

Table 8: Event as a kind of topic.

Group: "All events"
Group title: "All events"
Introduction: Text (max 100 char)
Item preview: List of [event image, title, description, date, time, price, pre booking, link]

Table 9: All event as a group of topic.

Group: "Summer events"
Group title: "Summer events"
Introduction: Text (max 100 char)

Item preview: List of [event image, title, description, date, time, price, pre booking, link]

Table 10: Summer event as a group of topic.

Group: "Winter events"
Group title: "Winter events"
Introduction: Text (max 100 char)
Item preview: List of [event image, title, description, date, time, price, pre booking, link]

Table 11: Winter event as a group of topic.

Single Topic: Town
Town image: Image (max 3 images)
Town title: Text (max 30 char)
Town description: Text (max 500 char)

Table 12: Town as a single topic.

Single Topic: About us
Title: Text (max 30 char)
Description: List of [1 image, Text (max 500 char)]

Table 13: About us as a single topic.

TOPIC: Contact us
Title: Text (max 30 char)
Description: List of [1 image, Address (Text (max 500 char))]

Table 14: Contact us as a single topic.

2.3. Abstract pages

After creating the content in small tables, we are mapping this tables to abstract pages.

2.3.1. service type

First of all, for the abstract page for the service type, we considered a page to show all possible service types on our website, and then the user selects those and transfers to another page and sees all services related to that specific type.

Page for kind of topic service type	
Content in small	
Service image: image (max 1 image)	
Service title: Text (max 30 char)	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to See details for each service type

Table 15: Abstract page for kind of topic service type.

In the front part, the kind of topic (**service type**) and group of topic (**all service types**) have the same data and both of these have the same webpage due to this, the abstract page table group of topic (**all service types**) is the same as table 15.

Page for multiple group all services in service type X	
Content in small	
Group title: "Service X"	
Introduction: Text (max 100 char)	
Item preview: List of [service image, title, opening hours, address]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to transfer to service provider website
	Link go back to service type page

Table 16: Abstract page for multiple group of topic for all services in topic of service type X.

2.2.2. Itinerary

Detail Page for kind of topic itinerary	

Content in small	
Itinerary image: Image (max 1 images)	
Itinerary title: Text (max 30 char)	
Itinerary description: Text (max 1000 char)	
POI list: List of [POI image, POI title, description, opening hours, address]	
Total duration: Text (max 10 char)	
Suggested audience: list of [Text (max 10 char)]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link go back to itinerary page
	Link go back to itinerary page
Transition links	Link to POIs detail page related to this itinerary

Table 17: Abstract page for kind of topic itinerary.

Page for group of topic itinerary	

Content in small	
Group title: "Itineraries"	
Introduction: Text (max 100 char)	
Item preview: List of [itinerary image, title, description, total duration, suggested audience]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to itinerary detail page

Table 18: Abstract page for group of topic itinerary.

2.2.3. POI

Detail page for kind of topic POI	
Content in small	
POI image: Image (max 1 images)	
POI title: Text (max 30 char)	
POI description: Text (max 1000 char)	

Address: Text (max 30 char)	
Event list: List of [event image, event title, description, date, time, price, pre booking, link]	
Itinerary list: List of [itineraries image, itineraries title, description, total duration, suggested audience]	
Opening hours: text (max 10 char)	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link go back to POI page
	Link go back to POI page
Transition links	Link to Events detail page that held in this POI
	Link to Itineraries detail page that contains this POI

Table 19: Abstract page for kind of topic POI.

Page for group of topic POI	
Content in small	
Group title: "All points of interest"	

Introduction: Text (max 100 char)	
Item preview: List of [POI image, title, description, opening hours, address]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to POI detail page

Table 20: Abstract page for group of topic POI.

2.2.3. event

Detail page for kind of topic event	
Content in small	
Event image: Image (max 1 images)	
Event title: Text (max 30 char)	
Event description: Text (max 1000 char)	
Event date: Text (max 20 char)	
Time: Text (max 20 char)	
Event type: Text (max 20 char)	

Hosted POI: [POI image, POI title, description, opening hours, address]	
Duration time: Time	
Price: Text (max 10 char)	
Address: Text (max 30 char)	
Organization: Text (max 30 char)	
Season: Binary Option (Winter, Summer)	
Pre booking: True/False (default False)	
Link: Text (max 50char)	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to previous All/Winter/Summer events page
	Link to previous All/Winter/Summer events page

Table 21: Abstract page for kind of topic event.

In our design a single webpage considered for All/Winter/Summer group of topics and we are filtering it while user selects one of these options, due to this and because of avoiding for repeating the abstract page tables we considered all these groups in one table.

Page for group of topic All/Summer/Winter Events	

Content in small	
Group title: "All/Winter/Summer events"	
Introduction: Text (max 100 char)	
Item preview: List of [event image, title, description, date, time, price, pre booking]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group link	Link to Event detail page
Structural links	Link to all Events
	Link to winter Events
	Link to summer Events

Table 22: Abstract page for group of topic event.

2.2.4. Town

Page for single topic Town	
Content in small	
Town image: Image (max 3 images)	
Town title: Text (max 30 char)	

Town description: Text (max 500 char)	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Transition links	Link to Blog
	Link to details of News

Table 23: Abstract page for single topic Town.

2.2.5. About us

Page for single topic About us	
Content in small	
Title: Text (max 30 char)	
Description: List of [1 image, Text (max 500 char)]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us

	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page
Group links	Link to Rome history
	Link to Rome nature

Table 23: Abstract page for single topic about us.

2.2.6. Contact us

Detail page for single topic Contact us	
Content in small	
Title: Text (max 30 char)	
Description: List of [1 image, Address (Text (max 500 char))]	
Landmarks	Link to Home
	Link to Events
	Link to Points of interest
	Link to Services
	Link to About us
	Link to Rome nature
	Link to Rome History
	Link to Contact us
	Link to Login page
	Link to Instagram page
	Link to Facebook page
	Link to Pinterest page

Table 24: Abstract page for single topic contact us.
